## Streaming Media Servers – Lecture Prof. Mark Michon

---

### Kelly Trahan

As the general manager for STILES Property Management firm, I want to find a program or app that helps me organize myself for future business trips so that I don't have to waste time getting supplies unnecessarily when away from home because time is definitely money in my industry.

### Eduardo Mesa

As a retired businessman, I want to be able to confidently pack our bags with the help of my wife so that we can really enjoy and take advantage of our time together while on the vacations we never took.

### Vanessa Lopez

As a mother of five growing boys and devoted wife to a hardworking man, I want to find some way of making sure I don't forget anything even in the most chaotic of times so that my kids don't have to pay for my mistakes and we can enjoy quality time when on family trips no matter how short they may be.
